## Apparel Designer

+61 410 160 075

Experienced apparel designer with 18 years in sportswear design and graphic design, leading projects from concept through production. Expert in Adobe Illustrator and Photoshop, creating high-impact print designs and apparel graphics that reinforce strong brand identity. Skilled in tech packs, garment construction, and various applications including screen printing and embroidery. Brings proven creative direction, trend forecasting, and cross-functional collaboration to deliver innovative, commercially successful collections across global markets.

## WORK EXPERIENCE

### Graphic Design Manager

#### Wooter Apparel

April 2018 - Present

- Lead apparel design and creative development for sportswear, lifestyle, and limited-edition drops.
- Daily designing of products that contributed to over 2.5million usd in revenue across 2024, and over 2million to date in 2025.
- Creation of automation and design systems to increase daily output and service thousands of clients with existing staff.
- Oversee product development from initial concept to production, managing tech packs, artwork, and material specs to ensure accuracy and on-time delivery.
- Apply expert knowledge of garment construction, screen printing, embroidery, and other print applications to achieve premium, durable finishes.
- Direct trend forecasting initiatives to identify emerging color, fabric, and design directions that inform seasonal lines.
- Provide creative direction to junior designers, ensuring brand consistency and innovation across all apparel categories.
